

## Hack Manhattan

just started up. (Hi!)

A short walk from Union Square, we're proud to be NYC's most accessible space for maker/DIY/hacker stuff.

We're 100% nonprofit, democratic, and powered by a love of technology.

As a member you'll collaborate, learn, teach, invent, build, design, and socialize.

Join us and help start something maker-ific. For more info visit:
