

Make something as a gift.  
Make something for 2018.

# Hack Manhattan

Makerspace - A collaborative workspace, for those who love to create things—learning through doing—in a social environment.

Hack Manhattan - A public makerspace for people to come together and socialize, work on projects, and share knowledge.

3D printers • 3-axis mill • router table • soldering stations  
sewing machines • lathe • homebrewing equipment • gardening  
bench grinder • hand tools for wood and metalworking • bandsaw
